## Power Plant to Heat University Buildings

### Many Advantages Afforded Because of Modern System

It is with pleasure and pride that we return to find the new Howard University power plant in operation, although not quite complete.

The work on the building began about two years ago after the Freedmen's Hospital plant had proven inadequate to carry the load demanded by the increase in buildings and equipment on the campus.

From all appearances, Mr. Cassell, who was the architect, has given us the best for the half million dollars appropriated for the plant. The imposing architecture is comparable with the best, and in keeping with the style of architecture prevailing on the grounds. The equipment is of the latest design. In fact, some of it is so advanced that very few plants in the country can boast of being as complete.

The steam generators are fired by oil fuel, obviating the dirt, dust and ashes found where coal is fired. The elimination of dirt, with plenty of light and fresh air, seems to have been the basis for the complete design.

The entire staff is made up of trained and experienced colored engineers. Mr. W. T. Courtney, the chief engineer, has long been affiliated with institutional and industrial power plants. We note with interest that five graduates of our own engineering school are filling positions in connection with the plant.

There are two high-pressure 550-horsepower steam generators capable of producing 2,000 horsepower each at maximum capacity. They are fired by five oil burners. All the water used is purified to remove the carbonates that make water hardness, which is detrimental to the steam generators. One feature that is very seldom found in plants is the acid treatment equipment used to regulate the "ph" value of the water. The water, before being pumped into the generators, is heated in a de-aerating heater which removes the entrained oxygen.

The oil is stored in two large tanks capable of holding a little more than 17,000 gallons each. It is strained and heated before being fed to the burners. The draft is furnished by forced and induced draft fans located on a fan deck above the steam generators. The air is heated by the gases passing to the chimney before being fed into the furnace, thereby insuring a minimum waste of heat. Most of the equipment is controlled at a switchboard, either by hand or automatically. On the board are the steam pressure gauge which is kept at 200 pounds per square inch, a flowmeter registering the steam output, and other instruments, all necessary for operation.

The electricity is generated by two A.C. turbo-generators rated at 500 K.W., 400 volts. The D.C. is furnished by one Ames Uni-flow engine and one synchronous motor-generator set, either one of

(Continued on page 3)

## Confusion Marks The Freshman Reception

The annual faculty reception for new students of the university was a scene of wild confusion both within and without the beautiful Frazier Reception Hall. A group of city hoodlums surrounded all entrances to the place and threatened many of the invited guests with bodily harm. Their numbers became so great that it was necessary to summon aid to disperse them. Within the hall other uninvited guests were disorderly and consumed the greater part of the refreshments before their presence was noted.

### HILLTOP TO CONDUCT MOCK PRESIDENT ELECTION

Howard students will get an opportunity to voice their like or dislike for Mr. Roosevelt, Mr. Landon, Mr. Lemke, Mr. Browder, and so forth at the coming mock presidential election to be conducted by the HILLTOP. Plans are now being formulated and will be made public in the next issue.

## Howard U. Grads In Limelight

### Distinguished Alumni Make Front Page Copy for National Papers

The names of several distinguished Howard alumni have appeared in the public prints within the last few days, notably that of Myles Paige, Howard graduate, and the announcement of his appointment as Magistrate of the City of New York by Mayor F. H. LaGuardia.

Mr. Paige was a student at Howard during the years 1918-1921, and received his bachelor of arts degree, June, 1921. Continuing his studies, Mr. Paige entered Columbia University and received the degree of doctor of laws, from the School of Law, in 1924.

Aside from being a brilliant student, while at Howard, Mr. Paige was also an eager participant in extra-curricular activities, particularly athletic events. He has received no heartier congratulations than from Howard University officers, teachers and alumni, who are acquainted with the fine record of achievement which has entitled him to recognition as the first colored Magistrate of the City of New York.

Magistrate Paige is now 38 years of age; was born in Montgomery, Alabama, and worked his way through Fisk, Howard and Columbia. His induction into office was featured by the metropolitan newspapers. Four other officials were sworn in at the same time. Among Magistrate Paige's friends present were two priests from the Catholic church he attends; a representative of the Knights of Columbia, to which he belongs; a spokesman for his American Legion Post, and representatives of various other Negro organizations of which he is a member.

### HILLTOP POSITIONS OPEN

Positions on the Hilltop staff are to be filled within the next few weeks. Any student is eligible to try out for the staff either in an editorial or business capacity. Those interested should report to the Hilltop Office, Miner Hall Thursday, October 1 at 1:00 p.m. Permanent appointments to the staff will be made later in the semester after the applicant has proved his ability.

## Harry R. Payne Named Grid Mentor

### Former Howard Grad to Coach Bisons; Student Body Pleased; Schedule

Harry R. Payne, graduate of Howard, returns to his alma mater as football coach this year. He graduated from Howard, with the degree of bachelor of arts, class of 1930. During his stay, he played football four years, and baseball three years, and after graduation, for four years, was assistant football coach under Thomas Verdell, former North-western star, who coached at Howard following his graduation.

COACH PAYNE

Before coming to Howard, Payne spent four years at the Pynchard High School, Andover, Mass., from which he graduated with honors. He was captain of the Pynchard High School football team, during his senior year. He next attended Cushing Academy at Ashburnham, Mass., and while there, played football, basketball and baseball; was captain of the baseball team in 1922. While playing football, at Cushing, he was selected All-New England-Prep School quarterback. He also spent one year at the University of Vermont before coming to Howard, and played on the football team.

Coach Payne will have the enthusiastic support of the student body, the football squad, the board of athletic control, and officers and teachers alike in the effort to give Howard a first-class, fighting machine this year. The first game of the season is to be at Tuskegee on October 3.

### DR. JOHNSON OPENS CHAPEL

The Rev. President Mordecai W. Johnson, D.D., Howard University will open the Sunday Chapel services October 4, 1936. The Rev. Prof. Howard Thurman, D.D., School of Religion and Dean of the Chapel, Howard University will speak Sunday, October 11, 1936.

### STUDENT COUNCIL MEETS TONIGHT

All students are urged to attend the weekly meetings of the Student Council which are held each Wednesday at 7:30 p.m. The meetings, which are open to all, are usually held in the Assembly Room of Miner Hall or Douglass Hall or some place of equal accommodation.

## Clark Hall Council Plans Active Year

An inclusive program of Freshman Orientation has been planned by the Clark Hall Council. The program is designed to introduce the Frosh to campus life and campus activities and acquaint them with university regulations and Howard traditions. A number of prominent speakers have consented to lecture to the freshmen in their specialized fields. Among the speakers listed are: Prof. John H. Burr, head of the Department of Physical Education; William B. West, dean of men; Dr. E. H. Allen, of the university health service; John C. Robinson, president of the Clark Hall Council; Dean Hawkins and other outstanding faculty and campus leaders.

The council is also planning a series of evening get-togethers for the men students, at which time songs, yells and refreshments will be included on the fare.

## Changes Made In Faculty

### Eight Members Back from Sabbatical Leave are Now with Classes

The President and Board of Trustees of Howard University, announce the following faculty changes, promotions, retirements, etc., for the school year 1936-37:

**College of Liberal Arts**  
Eight members of the faculty of the College of Liberal Arts who have been on sabbatical leave, return for duty, including Dr. A. L. Harris, associate professor of economics, who for two years, has been studying abroad and in the United States, under a fellowship of the Guggenheim Foundation. He has been advanced in rank from associate professor to professor of economics, and appointed head of the Department of Economics; John Levell, assistant professor of English, who has been studying at the University of California, during the past year, is to return for the second semester of the school year; Mrs. Myrtle R. Phillips, who has been studying at the University of Chicago, during the past year, returns as assistant professor of education; James A. Porter, who has been on leave for the past two years, studying in foreign art centers, and in New York, is to return to his post as instructor in art; Miss Violet A. Warfield, who has been studying at Teachers College, Columbia University, is to return to her post as instructor in physical education for women; Emmett E. Dorsey, who has been studying at Columbia University, New York City, returns to his post as instructor in political science; Walter R. Thornhill, who has been studying at the University of Paris, will return as instructor in romance languages; Alonzo J. Aden, attendant in Gallery of Art, who has been on leave at the Buffalo Museum of Science, Buffalo, New York, is to return as assistant in charge of art exhibitions; Miss Mary A. Fitch returns to her post as professor of botany.

Sabbatical leave for the year, 1936-37 has been granted by the Board of Trustees to the following: James L. Wells, instructor in art; Frederick P. Watts, instructor in psychology; William L. Hansberry, instructor in history; Thomas J. Anderson, assistant professor of education; James W. Butcher, Jr., assistant in English; Henderson H. Donald, assistant professor of sociology; Louis A. Hansborough, instructor in zoology; Ralph J. Bunche, associate professor of political science. W. Mercer Cook, assistant pro-

(Continued on Page 4)

## Class of 1940 Observes Big Frosh Week

### Record Crowd of Freshmen Attend Annual Affair at Rankin Chapel

The annual Freshman Week found a record-breaking number of Freshmen on hand to attend the first General Assembly of the Class of 1940 in Andrew Rankin Memorial Chapel, Wednesday. The first year students were addressed by representatives of the faculty and the student body. The Psychological Tests and the brilliant faculty reception to new students ended the program for the day.

Thursday, September 24, 1936, placement test in English for Freshmen. At 2:30 the Student Council Assembly. At 5:00 Professor Tibbs of the School of Music entertained with an organ recital. The Student Council was host to the men at 8:00 at a "weiner roast" in Clark Hall.

Friday morning at 6:00 in the morning the Freshman women had breakfast in cool scenic Rock Creek Park.

Registration of all new students in the University was conducted on Saturday from 8 to 4.

Sunday morning at 11:00 a.m. the Rev. Thurman addressed the Freshmen in Andrew Rankin Memorial Chapel.

Tuesday the Freshmen entered the classrooms and started the four-year journey in quest of the coveted degree.

## Howard Students Receive N.Y.A. Aid

N. Y. A. Scholarship awards will be made to 138 Howard students by the scholarship committee for the first semester of the year 1936-37.

The allotment is made by the Federal Government on the basis of 12 per cent of the enrollment two years ago. Of the total number of awards, 89 will be to students enrolled in the College of Liberal Arts. The remainder will be to students in the other schools and colleges of the university.

The purpose of the NYA college student aid program is to provide an opportunity for a college education to students who otherwise would not be able to secure it. Students to benefit by the program are selected on the basis of need, character and ability to do college work, and only students carrying at least three-fourths of a normal student program, of courses are eligible to participate. NYA support makes possible the supplying of clerical and other types of assistance to the university program that would not be available were it not for the Federal aid.

### NO R. O. T. C. PROMOTIONS??

In 1933 when the R. O. T. C. unit did not have a training camp period during the summer no promotions were made until mid-term.

Here lies the body of an atheist All dressed up and no place to go.

## BISON SCHEDULE COVERS 7 GAMES

Looking over the Bison grid schedule for 1936 we find that there are seven games scheduled, six of them with C.I.A.A. teams. One date is open, October 10.

The first game, an intersectional fray will be played at Tuskegee, the native haunts of the Tuskegee Tigers. The rejuvenated Bisons under the capable Harry Payne have bright hopes for a victory on the first southward trek in three seasons. With much veteran material of former grid campaigns back on the active list and a bumper crop of Frosh material a Bison triumph is not unlikely.

For the second encounter Howard travels to Petersburg to engage the Virginia State aggregation on October 17.

For the first home game the Bisons will be hosts to the West Virginia State Yellow Jackets. The Yellow Jackets will be followed by the Bears of Morgan who won their first game of the season from Miner Teachers.

After the Morgan game the Bisons will take on Hampton and Union. Both games are away.

On November 26 the Classic of the year with Lincoln. Those of us who are anxious to see the Bisons in action will have to take to the road unless the open date, October 10, is filled with a home game.

### Interview With Coach Payne

Q. How do you feel about Howard's 1936 football team?

A. I think we have a light fast team with pretty good Freshman material to support the varsity. When any of the C. I. A. A. teams play Howard they will know they have played a fast fighting team.

Q. How will the team go against Tuskegee?

A. I think if Howard enters the game playing headup football, we will come out in the end feeling proud.

Q. How do you feel about the line and also the backfield?

A. We are short of line material but the men who are out, are doing well and training hard to get in shape for the coming game. I hope more will come out after school starts. As for the backfield, we have two first string sets and they should do good against any team with a fair line. I don't expect to use my number one backs but I will give the new men a chance to show up although I will have to use my first string line.

### Interview With Coach Coles

Q. How do you feel about Howard's 1936 football team?

A. This is a very high-spirited

team and they are willing to learn. The team is very small this year, but if spirit means anything, Howard's team will rank among the top.

Q. How will the team go against Tuskegee?

A. Our chances are just as good as the others. The situation is a dark cloud with a big question mark.

Q. How do you feel about the line and also the backfield?

A. Howard needs linemen, they are badly in need of line material but Howard has four big linemen who can be developed into good football players.

The backfield is very good. We have some old backs along with some good freshman prospects.

### STUDENT EMPLOYMENT SERVICE

The University maintains an employment service which renders valuable service in placing students desiring part time work. This service is operated through the office of the Dean of Men and Dean of Women.

### MAJOR ZUPPANN NEW P.M.S.T. INSTRUCTOR

Major Lloyd Zuppann, Infantry, has been detailed from Fort Williams, Maine, Fifth Infantry as Instructor of Military Science and Tactics at Howard University.

He — You've been out with worse-looking fellows than I am, haven't you?

She — No reply.

He — I said you've been out with worse-looking fellows than I am, haven't you?

She — I heard you the first time. I was trying to think?

## Tubby Wins Grid Honors; Chosen Bison Mascot

A well known campus personality has been selected as "mascot" for the Bison gridmen. He boasts of a pedigree and a private suite of rooms in Clark Hall, which are reserved by the university for his personal use and comfort. He answers to the name of Tubby and tips the scales at twenty-five pounds.

In anticipation of a strenuous grid campaign, he put on ten pounds during the summer months. When informed of his selection, Tubby was non-committal. He will make all the trips and is raring to sink his teeth into his first victim, the Tuskegee Tigers.

Tubby is a dog, belonging to Dean Hawkins, and will be the eleven's mascot.

which is capable of handling all the D.C. load. A novel feature of the plant is its ability to handle both A.C. and D.C. loads. The A.C. switchboard is entirely remote control, with the rheostats, transformers and batteries located in the basement.

All the heat, light, power and hot power for Howard University and Freedmen's Hospital are supplied from the plant, and there is no doubt but what the job will be done with maximum efficiency. However, let us remember to conserve on the heat, light, power and hot water as much as possible or we will be destroying the ideals and standards for which the power plant was built, namely, power at a low cost per individual.

**NOYES ESTATE OF CHICAGO GRANTS FIVE SCHOLARSHIPS**

The LaVerne Noyes Estate of Chicago has granted five scholarships in the College of Liberal Arts for the year 1936-37. These scholarships are awarded to students who themselves have served in the army or navy of the United States of America in the war into which our country entered on the 6th day of April, 1917.

**LIBERAL CLUB NOTES**

The year 1936 at Howard ushers in another round of activities for the Liberal Club, and this year the round will be longer and harder than in the past. There appears on the agenda prepared by the executive committee the names of several very prominent speakers and plans for numerous student meetings on campus problems, the character of this year's strike against war, etc. Among the speakers one of the most interesting will be Edward E. Strong, chairman of the Youth Section of the National Negro Congress, who is to report on "The Brussels Peace Conference of this Summer," and listed most important of the student meetings is that one concerning high rents in the dormitories.

Prentice Thomas, 1934-35 chairman of the Liberal Club, is to give an account of the Youth Movement on Negro Campuses throughout the nation.

The Peace Rally of last November is to have its follow-up in a similar mobilization this year.

The Liberal Club hopes to have as participants on its speaking programs some of the active Congressmen in both the House and Senate. Those of you who heard Representative Byron Scott can look forward to these meetings with great delight.

However full its program this year, the Liberal Club members are willing at all times to lend vigorous aid to any progressive student program of the several student organizations. If we all pull together and support one another by full attendance at all meetings held, we may be assured that students at Howard will not again be labeled "lazy," "disinterested" or "frivolous." ## THE HILLTOP

Published at Howard University

Published Bi-Monthly by the students of Howard University.  
Printed by Murray Bros. Printing Company

VOL. 14 WASHINGTON, D. C., SEPTEMBER 30, 1936 NO. 1

Phillip Randall	Editor
Marion Martin	Associate Editor
Frederic Davison	Managing Editor
Joseph Johnson	News Editor
Robert Anderson	Sports Editor
J. E. Raynor, Jr.	Feature Editor
Joseph Parker	Circulation Manager
O. Philip Snowden	Circulation Manager
Robert Gordon	Advertising Manager
J. Edwin Hamilton	Business Manager

### Welcome, 1940!

The HILLTOP extends to the class of 1940 the hearty welcome of the student body of Howard University. For you who have come from distant cities, towns and hamlets, Howard will be your home for many months to come. Here you will make numerous acquaintances, establish many new friendships and contacts that will grow into bonds of fellowship that will follow you throughout life.

Needless to say your purpose for coming was to receive specialized training for most of you have chosen the field of your life's endeavor. To attain your goal you must fight hard and fight clean. In your struggle for an education you will be called upon to exercise your abilities to the greatest possible degree.

Colleges are designed to develop abilities already possessed by the student to the end that he may increase his capacity for service to mankind. The ability to cure a sick body, manage and transact business, plead a case, manage a group of men, etc., are the direct results of specialized college training. To develop these abilities it is necessary to utilize varying degrees of application. Some grasp the lamp of knowledge quicker than others. It is up to the individual who knows his limitations better than the professor could ever hope, to budget his time so as to allow proper and sufficient study to maintain a high scholastic average.

A word to the wise. Begin early to budget your time and there will never be the problem of finding time to study.

### Greetings to the Women's League

Sincerest greetings are extended to new women students from the Women's League. Stimulating meetings will result not only from cabinet plans, but from the weekly enthusiasm of every woman who by fact of her being a Howard woman is a member of the Women's League. Traditions of the organization are dear to Howard University.

The Women's Dinner on the first Monday in November when undergraduates and friends share the delightful atmosphere of comradeship, memories and future joys, are worth looking forward to.

Christmas splendor on the campus brings hundreds of people to the beauty of Candle Light Service in Chapel. Donations for a scholarship fund for women are brought to the gift Service where classes vie with each other in bringing the largest sum. White clad class representatives participate in the ceremony, the organ softly brings music to the scene.

Japanese lanterns throw shadows on the dark lawn of the dormitory quadrangle on Lantern nights as women march around singing and cheering. Freshmen dressed in white are given lights to their lanterns by seniors symbolizing the passing of Howard's spirit to those growing within her gates.

Gaiety and imagination are the keynotes of the May Festival when the campus pays obeisance to the gracious Queen of the May and her attendants. Weekly meetings are to help women adjust themselves in all phases of society.

### FROSH EXPRESS THEIR IMPRESSIONS OF H.U.

As I stepped from a taxi, accompanied by a senior, for whose company I was indeed grateful, I was greeted with calm dignity by Fraizer Hall. Fraizer Hall impressed me as a cheerful place that would be the scene of many jolly times.

—Thelma Caldwell  
(Jackson, Mich.)

I think I am going to enjoy my stay at Howard

—Ruth Perkins (Toledo, Ohio)

I think this is a splendid institution.

—Mary Steele (Boston, Mass.)

It is much better than I expected and I am not home sick yet.

—Helen Dett (Rochester, N. Y.)

The beauty of the campus impressed me more than anything else.

—Effie King (Rochester, N. Y.)

My first impressions were very

low.

—Harriet Scott (Oberlin, Ohio)

Howard did not measure up to my expectations but the campus impressed me most.

—Evelyn Carter (Cincinnati, Ohio)

Now I lay me down to rest  
Before I take tomorrow's test  
If I should die before I wake,  
Thank God, I'll have no test to take.

### THE QUESTION FOR TODAY

It is a lamentable but well known fact that Clark Hall offers inadequate facilities for men students desiring to live on the campus. With a record-breaking number of Freshmen applying for admission, to the hall, vacant room space is not to be expected at this late date. However, on looking over the room assignments, the deplorable fact that more than a score of grad students are residents of the hall while large numbers of freshmen, in a strange city and away from home for the first time are forced to seek lodging elsewhere, comes to light. This condition is hardly conducive to school spirit and campus life and deserves the immediate attention of those responsible.

## THE FORUM

### Voice of the Students

This inaugurates a new feature of the HILLTOP which will be known as the Forum. Each issue a pertinent question to students will be discussed. Expressions of opinion are desired.

### SPIRIT ON THE LOOSE

Many lines have been written and much has been said about Howard's waning "good old spirit" and many have been the reasons given for the much-lamented state of affairs. In their frantic but earnest attempts to find and plug up the "leak in the dyke," the searchers have overlooked one vent through which Howard's life blood is gushing in an unheeded tide.

Every fall there come to Howard several hundreds of wide-eyed freshmen. Lively, exuberant, fresh from prep school, they inject fresh enthusiasm, fresh life into Howard's veins—those that be kept on the campus. When many freshmen (male) arrive, however, they find that the school of their choice cannot or will not furnish dormitory facilities for them, and with no place to sleep the night of their arrival, they are forced to go out into the night of a strange, big city to seek shelter.

This writer does not underestimate the worth of the female freshman and her ability to impart spirit, and he is well aware that all of them are on the campus. But it is felt that the spirit of the male "frosh" is more robust, more unrestrained, and that the lady "frosh" uses his manifestations of spirit as a criterion from which to determine how much of her feminine reserve to lay aside in rooting for "dear old Howard."

Now, with feminine resentment allayed, let us follow the fortunes of our "forgotten freshmen." After living quarters have been found, the freshmen have every desire to attend all campus affairs, pep meetings, clubs, forums, socials, etc., yet the inconvenience of living off the campus, perhaps some distance away, tends to dull this desire, and they are more and more conspicuous by their absence.

Finally, city attractions lure some of them further away until they come to the campus only for class and leave immediately with no thought of campus activities.

In this manner, much spirit, much talent is lost to Howard, and the freshman himself suffers because of his lack of supervision and contact. Witness the low grades of the freshman classes, witness their high student mortalities, and then join me in a long, drawn-out howl of protest against the erection of building after building on the campus with no apparent thought of a men's dormitory.

ELDRIDGE (DUKE) MORTON.

### Changes Made in Faculty

(Continued from page 1)

To Flirt is very wrong

I don't

Wild youths chase women, wine and song;

I don't

I kiss no girls, not even one;

I don't even know how it is done;

You wouldn't think I have much fun;

I don't.

—Junior Collegian

## SCHOLARSHIP AWARDS ANNOUNCED

Eighty-three scholarships have been awarded students and prospective students of Howard University having a "B" average or better. Also taken into consideration is the relative need of the applicant. The list of awards as announced by Dr. Max Meenes, chairman of the Scholarship Committee is as follows:

Laura M. Anderson, Lucille L. Anderson, Estelle J. Augustine, Edward J. Austin, Boce Barlow, Julia Mae Bragg, Nancy E. Brandon, Julia A. Brooks, Edward L. Broomes, Lelia Brown, Vincent Browne, Doris Buchanan, Albert J. Carter, Mary F. Carter, Elmwood Chisholm, Suzanne W. Cook, Frances E. Datcher, William J. Davis.

Frederic Davison, Claude Denbow, Harold Delaney, Vera J. Dozier, Vivian I. Edwards, Elizabeth Ellison, James D. Fowler, Samuel Fuller, Albert L. George, Lois G. Gilkey, William P. Goodwin, James C. Gray, Ernestine Greene, Paxton Greene, Warren B. Griffin, John E. Hamilton, Agnes Hardie, Gracie L. Hawkins.

Louise E. Hill, John H. Hurd, Edward W. Jackson, Julia L. Johnson, Blanche L. Jones, Clarence Jones, Martha Kendrick, Vivian H. King, Ruby C. Lewis, Joseph Ligoure, James N. Logan, Naomi Lyles, Marion E. Martin, Ralph McKinney, James B. Mitchell, Eldridge E. Morton, Geraldine Nowbray, Fern E. Nichols, Mary Norment, Marie A. Norwood, Milton B. Oldham.

Cleven D. O'Neal, Mamie K. Phipps, Helen Pilgrim, Robert Pitts, Helen M. Plater, LaRue Price, Mary A. Price, George R. Reed, Mary S. Reid, Jimmie C. Russell, Mydell F. Skinner, Everett D. Stephens, Patricia D. Stewart, Waldean Stewart, Hortense W. Thompson, Elizabeth Walker, Vernice Warrick, Dowatha Watkins, Vivian Weaver, Rachel Weddington, Samuel Westerfield, Frances C. White, Arthur Wilburn, Gennie Young, and Lois Dazier.

A little green chemist  
on a summer day  
Some chemicals mixed  
in a little green way;  
And now the green grasses  
tenderly wave  
O'er the chemist's  
green little grave.
